

MOBILE MUSALLAH PROJECT

Friends of Alimdaad (FAIF) are establishing mobile musallahs and madrasahs for underprivileged Muslims in rural areas. They have launched their first mobile musallah and madrasah in the township of Emona, Kwazulu-Natal.

The catalyst for introducing this concept arose from the realisation of widespread lack of infrastructure and funds in poor and rural areas which as a result are deprived of musallahs and a place for children to attend madrasah classes.

The urgent and growing need for such facilities presented itself right at our doorstep in Kwazulu-Natal
